ABOUT ME

Experienced Operations Manager and Virtual Assistant with a solid background in project coordination, IT systems supervision, lead management, and performance reporting. Proven ability to manage teams, streamline processes, and provide dependable administrative and technical support to drive business success.

EDUCATION

Colegio De San Juan de Letran | 2009–2012

BS Information Technology Major in System Engineering

St. Marys Academy | 1999–2009

Grade School - High School

WORK EXPERIENCE

Fit Body Boot Camp | August 2023 – May 2026

General Virtual Assistant

Managed lead generation, appointment scheduling, and member account support including billing, refunds, and cancellations. Maintained client records, prepared business performance reports, and tracked key metrics to support daily operations and customer service.

Inspiro – 1800 Flowers | April 2023 – August 2023

Customer Service Representative

Provided customer service support by assisting customers with order placement, tracking, product inquiries, and issue resolution. Delivered efficient and professional service while ensuring customer satisfaction and maintaining accurate account and order records.

WJ Construction and Engr. Services | September 2012 – Present

Operations manager

Managed daily business operations by supervising teams, coordinating project schedules, and ensuring tasks were completed efficiently and on time. Oversaw operational planning, resource allocation, and workflow management to improve productivity. Monitored system performance, resolved technical issues, provided staff support and training, and implemented procedures to maintain smooth operations and high-quality project execution.

Phoenix Solutions | May 2012 – July 2012

Pre- Sales Engineer

Supported the sales team by preparing proposals, identifying opportunities, and assisting in contract negotiations. Provided technical support, analyzed sales data, and helped improve sales performance and client engagement.
